The New Normal, Brings The New Pollution.

The new normal has brought with it new pollution as we see these used face masks all over the island being littered, while some try to use reusable face mask to prevent this, they are not suitable by the health department as safe to use, however we are seeing the safe masks not being disposed of in the proper way, please keep the island clean.

Kiwanies Of San Nicolas Helped 16 Students.

Kiwanis Club of San Nicolas surprised 16 students from Commandeur Pieterboer School with a school bag containing all school supplies depending on their grade, a shopping voucher for school clothing and a voucher for the school uniforms. Also included in the school bag is a face mask and a hand sanitizer bottle. With this, we hope that the students are well prepared for the upcoming school year.

Kiwanis Club of San Nicolas wishes all students of Aruba a successful school year.

People Can't Afford Man's Best Friend No More!

As things get harder people are starting to make some tough choices to survive, money is not reaching and some persons can't afford to keep feeding their dogs as those bags of dog food can not make their budget. With this comes people dumping their dogs all over the island for them to hunt and live on their own, is not that they don't love their dogs, but that extra expense is cutting into their small family budget.

Faith In The Midst Of Fear!

Fear and chaos, born of the same seed,

They grow together and speedy and their flower is
need,

Need of assurance,

Need of security,

Need to know the future, to prepare for obscurity,

But this flower need, is never satisfied, no amount
of words of affirmation can calm its appetite,

You may lay down the plan and say everything is
going to be alright, yet it will keep you up and thinking through the night,

These seeds are weak in nature and easy to subside,

It all depends on the fertilizer that you are using in the garden of your
mind, I suggest the fertilizer of faith, to enrich your soil,

It grows hope, confident and keep the roots of fear at void

It grows trees of future, excitement for tomorrow,

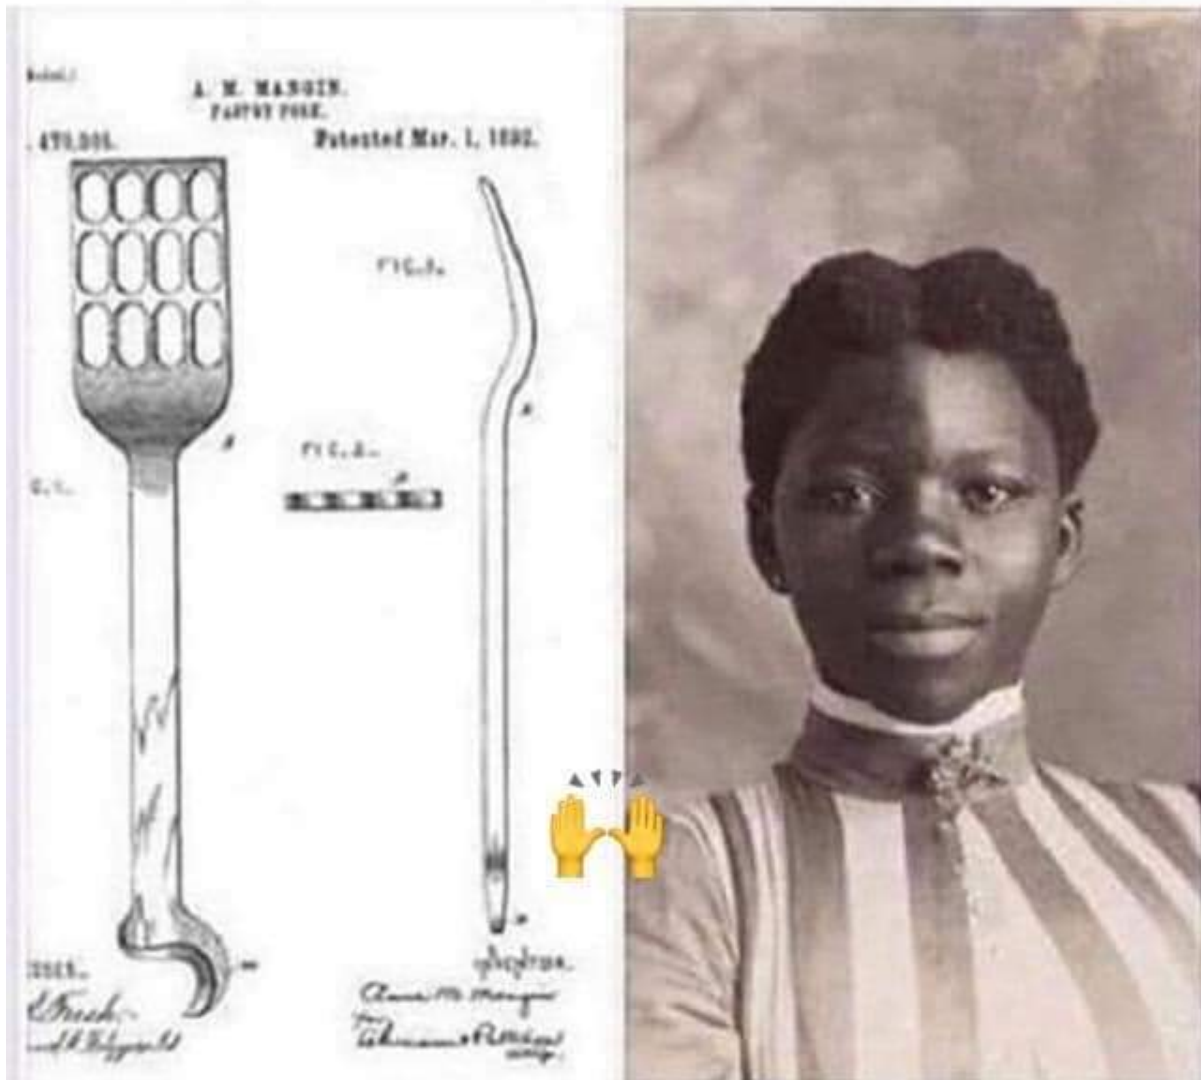

Although not knowing what will come, we know that whatever comes won't
produce sorrow,

Because we choose faith

Expand Your Mind Know Your History

The next time you cook with a pastry fork/ spatula remember that it was this 13 year old Negro/Hebrew girl named Miss. Anna M. Mangina who invented it in 1892.
